Parties agree that the intent of the changes reflected in the 2020 bargain are to mimic changes made by largest employers in said plan.

- A) Acceptance of Trust Agreements: Leadership and the Union agree to be bound by the terms of the Trust Agreements, which created the Retail Clerks Welfare Trust, as initially executed on June 18, 1957, and the Trust Agreement which established the

Retail Clerks Retiree Welfare Trust, initially adopted December 3, 1998, as applicable, by all subsequent revisions or amendments thereto, and by all policies and other conditions of participation and eligibility, which may be established from time to time by the Plan Document, the Trusts' Rules and Regulations, the Summary Plan Description, and other pertinent procedures, practices, and Trustee actions.

- F) The contribution referred to shall be computed monthly and the total amount due for each calendar month shall be remitted in a lump sum not later than twenty (20) days after the last day of the month in which the contributions were earned.
- G) Notwithstanding the foregoing Section, the Board of Trustees of the Trust shall have the authority to establish and enforce a method for reporting contributions on an accounting period basis, rather than a calendar month basis. In such a case, the one hundred and seventy-three (173) hour maximum shall be appropriately adjusted, as directed by the Trustees, provided that in no event shall Leadership's total obligation be different than what it would have been on a calendar basis. Further, the total contributions due for each approved accounting period shall be remitted in a lump sum not later than twenty (20) days after the end of the accounting period.

9.02 The bargaining unit agrees to pay all employee premiums as deemed necessary by the Board of Trustees for the Retail Clerks Welfare Trust.

9.03 The parties to this Agreement acknowledge their responsibility under FMLA and ADA for the life of this Agreement. Any modifications of these acts during the life of this Agreement shall be incorporated into said Agreement.

- 9.05 Leadership shall provide a Flexible Spending Account for qualified medical and dependent child care expenses in accordance with the provisions of the Internal Revenue Service. Employees who choose to participate must enroll upon hire or during the designated annual open enrollment period.

These amounts are in addition to Leadership contributions required under Article 10.02(J). The payment of such reduced contributions shall continue until the earlier of the thirteenth month following the effective date of the reduction or when the Trustees determine, in their sole discretion, that the amount of surplus assets in the Health and Wellness is reduced to, or anticipated to be reduced to zero. The Health and Wellness Trust shall provide notice of such determination. However, in no event shall Leadership's contribution rate to the Health Trust be reduced below \$4.65 per hour if the Trust excess assets (above the required reserves) are anticipated to fall below 2 ½ months of excess reserves before such date.
 - C) Starting October 2020, every six months through March 2022, the consultants will project Plan expenses and income and report these amounts to the Trustees. Based on those projections, the Trustees will set the contribution rate (with a minimum rate of the initial hourly rate before the temporary decrease and up to a maximum rate of \$5.19 that is anticipated to result in an excess reserve of \$52 million by April 30, 2022. Each recalculated rate shall become effective for Leadership as of the effective date determined by the Trustees and Leadership shall pay the recalculated rate as of such effective date.
 - D) In March 2022, the consultants will determine the actual current hourly cost of the plan based on (1) the most recent 12 months of incurred plan expenses adjusted to reflect trend to the 12-month period ending April 30, 2022, (2) the most recent 12 months of employee contributions, (3) the most recent 12 months of hours, and (4) expected investment income. The contribution rate will be set based on this hourly cost analysis and shall become effective with April 2022 hours, provided that the hourly rate shall not exceed \$5.19 and

not be less than \$4.86. However, for January through March 2022, Leadership's contribution rate will be temporarily reduced from this contribution rate by such amount as to redirect the total amount of \$15 million for all employers to the Variable Annuity Plan.

E) The buy-up rate, if applicable, also will be decreased and increased accordingly.

ARTICLE 10 - RETIREMENT PLAN

10.01 Effective October 1, 2005 Leadership and the Union agreed to be bound by the terms and provisions of the executed Trust Agreement dated January 1, 1959, and as subsequently amended and known as the Retail Drug Employees Retirement Fund (Drug Retirement and subsequently merged with Retail Clerks Pension Trust) and now known as Sound Retirement Trust. Parties agree that the intent of the changes reflected in the 2020 bargain are to mimic changes made by largest employers in said plan.

- A) Acceptance of Trust Agreement: Leadership and the Union agree to be bound by the terms of the Trust Agreement, which created the Retail Clerks Pension Trust, as initially executed on January 13, 1966, by all subsequent revisions or amendments thereto, and by all policies and other conditions of participation and eligibility, which may be established from time to time by the Trust's Plan Document, Summary Plan Description, and other pertinent rules, regulations, and Trustee actions.
- B) All contributions shall be paid on compensable hours with a maximum of one hundred seventy-three (173) hours per calendar month per employee
- C) The term "compensable hour" shall mean any hour for which any employee receives any compensation required by this Agreement.
- D) The contribution referred to shall be computed monthly and the total amount due for each calendar month shall be remitted in a lump sum not later than twenty (20) days after the last day of the month in which the contributions were earned.
- E) Notwithstanding the foregoing Section, the Board of Trustees of the Sound Retirement Trust shall have the authority to establish and enforce a method for reporting contributions on an accounting period basis, rather than a calendar month basis. In such a case, the one hundred and seventy-three (173) hour maximum shall be appropriately adjusted, as directed by the Trustees, provided that in no event shall Leadership's total obligation be different than what it would have been on a calendar basis. Further, the total contributions due for each approved accounting period shall be remitted in a lump sum not later than twenty (20) days after the end of the accounting period.

10.02 Payments Required

Leadership shall pay into the Sound Retirement Trust in accordance with this Section 10. It is recognized and agreed that said supplemental contributions will not result in any pension credit for the covered employees.

- A) Until the effective date of the new future service defined benefit variable plan under Section 10.03, Leadership will continue to make contributions to the Sound Retirement Trust as described in this Section and Leadership's active participants will continue to earn benefit accruals until such effective date. Leadership shall make contributions on behalf of all eligible employees to the Sound Retirement Trust under this Section.
- B) The parties hereby adopt the Preferred Schedule under the Rehabilitation Plan of the Sound Retirement Trust as revised December, 2019 with the Preferred schedule to be effective with respect to those subject to the terms of this collective bargaining agreement as of the date stated in the Rehabilitation Plan and applicable Schedule and Leadership shall contribute in accordance with such Schedule.
- C) Upon the effective date of the new future service defined benefit variable plan under Section 10.03, future benefit accruals under the SRT will cease and the SRT plan will be frozen; as a result, the funding of 125% of Leadership's base contribution for the SRT for Leadership's employees is discontinued once future benefit accruals commence under the VAP and all hourly contribution rates paid to the SRT will be reduced by this adjusted base contribution under this Section 10.02.
- D) Leadership will continue to contribute to the SRT and not incur a withdrawal from the SRT solely as a result of the cessation of future benefit accruals under the SRT.
- E) The SRT Employer liabilities will be funded under an updated Rehabilitation Plan designed with the objective that the Plan will move to the green zone and achieve 102% funding by 2030. This updated Rehabilitation Plan will include the current scheduled increases plus an additional contribution of three (\$.03) cents per hour in annual increases over a new ten-year period beginning January 1, 2020 (January hours/February payment). Such accelerated funding in this agreement shall apply to the SRT liabilities and shall remain in effect regardless of the Zone status of the Plan.
- F) Leadership shall continue to pay all of the scheduled contribution increases under the updated Rehabilitation Plan, as set forth above, through the term of this CBA, regardless of the zone status of the SRT. All hourly contributions to the SRT shall continue to be made on behalf of all compensable hours above regardless of whether the employee participates in the SRT prior to the freeze date. In addition, the Parties ask the Trustees of the Plan to explore adopting specific language that all additional contributions will not be used in calculations of Leadership's share of the unfunded vested benefits, to the extent permitted by law.
- G) The parties recognize that this global solution for the pension funding liabilities is contingent on the full implementation of the agreement between

Safeway/Albertson's and the Union and the full implementation of the agreement between Kroger and the Union, including the transfer of liabilities and assets from the SRT to the UFCW Consolidated Fund under the MOU between Kroger and the Union. If either the SRT or the UFCW Consolidated Fund does not approve the global solution, the bargaining parties will meet to discuss other alternatives.

- H) The parties agree to request that the Actuaries for the SRT review and update, as they determine is appropriate, the current withdrawal liability methods used by the Fund.
- I) In part in order to ensure the prudent funding of the Sound Retirement Trust, Leaderships, in total, agree to redirect health & welfare trust contributions up to the total amount of \$100 million to the SRT commencing with January 2020 hours.
- J) The parties will cooperate in seeking approval by the relevant parties for this global solution for accelerated funding of the unfunded liabilities of the SRT, including the SRT Board of Trustees, the PBGC and the UFCW Consolidated Fund Board of Trustees. (Subject to final agreement on the details of any Kroger transaction.)
- K) To that end, the parties agree to ask that the SRT Trustees consider the following:
 - i. Continue to extend cash-matched period under Beta portfolio as the situation warrants in order to continue to reduce investment risk in the SRT;
 - ii. Reduce the valuation assumption to 6.5% net of investment expenses; and
 - iii. Invest the \$165 million in assets to be transferred from the SRT to the UFCW Consolidated Pension Fund at a risk free rate of return from the ratification date of the collective bargaining agreement until the date of transfer. (Subject to final agreement on the details of any Kroger transaction.)
- L) This agreement is contingent on the bargaining parties reaching an overall collective bargaining agreement, including an agreement between Leadership and the Union for a new future service defined benefit variable plan for all current employees affected by this transfer.

10.03 Variable Annuity Plan.

As of the effective date of the new future service defined benefit variable annuity plan (VAP), future service benefit accruals will be earned in the VAP, a multiemployer variable annuity defined benefit plan. Participants' service earned under the Sound Retirement Trust (SRT) and the VAP will be recognized for participation, vesting and benefit eligibility purposes in both plans. In the event of a short plan year running from the transfer date to December 31, the benefit guarantee will apply for the short plan year and the subsequent initial full plan year ending December 31, 2021. The VAP shall operate on a calendar plan year basis.

- A) Leadership will contribute [1.7 percent of salary per month] for each eligible active participant to the VAP, commencing with the VAP effective date [if salary percentage used,

add] as determined by the actuaries for the VAP to reflect the intent of the parties that: (1) that the contribution is set based on the cost of the aggregate current benefit accrual for Leadership's employees, but determined using a 5.5% discount rate and administrative costs, and (2) the benefit accrual rate is determined by the amount that can be funded with such contributions determined under (1) above (with a margin in the benefit accrual rate that is designed to guard against adverse non-investment experience). Salary shall be gross wages per payroll period. Contributions will be made on behalf of current active employees and future newly hired employees in classifications for whom contributions have been made under the current collective bargaining agreement. Contributions shall be remitted monthly, in the same manner as they have been made to the SRT.

- B) In addition, Leadership will contribute three cents (\$.03) per hour for each eligible active participant to the VAP, commencing with the effective date of the VAP through the end of the initial first full Plan Year.
- C) The benefit accrual under the VAP will be periodically reviewed (but at least every three (3) years) to ensure that the plan is designed to maintain full funding of all benefit liabilities, with the first review no later than December 31, 2021. Notwithstanding the above, for the term of this contract, all actuarial assumptions of the plan will be reviewed and adjusted as necessary on an annual basis for the term of this CBA.
- D) The eligibility, rights and features of the benefit design of the VAP on the effective date of the VAP will replicate the current benefit design of the SRT, except that the benefit accrual will be based on a formula that utilizes total contributions made on the employee's behalf and a percentage accrual factor that reflects the VAP characteristics (to be reviewed jointly by the parties). For the short plan year and the first full plan year, there shall be a floor benefit and the benefit accrual of the VAP cannot be less than what the participant would have earned in the same period under the SRT benefit formula. Thereafter, the earned benefit accrual will be adjusted annually up or down based on performance to a 5.5% hurdle rate which will also be used to discount the benefit liabilities.
- E) Leadership agrees to promptly provide, on a periodic basis, such salary data for employees intended to be covered by the VAP to allow the actuaries for the parties developing the VAP to determine the benefit accrual rate from the VAP that can be funded with such contributions determined above and in the future as the VAP operates to allow administration of the VAP.
- F) Annual benefit improvements will be capped at 3.0% above the 5.5% hurdle rate. Any surplus investment return between the 5.5% and the 8.5% cap will fund benefit improvements and any surplus investment return over 8.5% shall be allocated to the stabilization reserve.
- G) The VAP board of trustees will formulate a stabilization reserve policy which will define the board's discretion to manage the stabilization reserve and determine how and when it is used to support benefit accruals in years in which the plan investments underperform the hurdle rate. Leadership will contribute to the stabilization reserve from January through March, 2022 in accordance with Section 9.07(D).

- H) It is the intent of the parties that the stabilization reserve policy will be used to stabilize benefits for active and retired participants in the event of returns of 2% or lower (“the Floor Return”) and maintained in order to address the VAP investment and demographic experience and the level of assets/benefits accrued under VAP. It is not the intent that the stabilization reserve be used in the event of investment returns higher than the Floor Return.
- I) The Governance of the VAP will be modeled after the SRT Trust Agreement document, as appropriate and agreed to by the plan sponsor.

- 10.04 In the event that the required deficit reduction contribution is reduced, Leadership contribution to deficit will be reduced first.
- 10.05 During the term of this agreement, Leadership agrees to withhold from the wages of the employees such amounts as the employee may designate in a voluntary written authorization and forward such monies to the Western Employee Benefit Trust 401(K) Plan (hereinafter Web Trust). Employees may enroll or change their designated withholdings no more frequently than once every six (6) months. Employees may terminate their withholdings at any time.
- 10.06 The parties agree that Leadership is only liable for the withholding and forwarding of employee contributions to the Trust Fund. The employee assumes all investment risks for the monies invested in the Web Trust.
